# **ENVIRONMENTAL POLICY**

The Wheels Project Ltd.'s mission is to unlock the potential of young people by creating opportunities to channel energy, educate and build confidence so they are able to achieve greater aspirations in the future. To do this there are three main aims directing Company business:

- to educate young people in vehicle use, repair and maintenance to enable them to make a positive contribution during an educational course and achieve positive outcomes.
- to engage with and motivate disaffected young people and those at risk of disaffection to help them feel they have something positive to offer their community upon completion of an educational course and to change attitudes and behaviours to reconnect them into mainstream society.
- to motivate disaffected young people and those at risk of disaffection to change attitudes and behaviours that includes them in mainstream society and make a positive contribution to them and their families.

The Wheels Project Ltd accepts responsibility for any harmful effects its operations may have on both the local and global environment and is committed to reducing them.

The key points of its strategy to achieve this are to:

- minimise waste by evaluating operations and ensuring they are as efficient as possible.
- commit to a policy of actions in its operations to reduce, re-use and recycle as a preferred option.
- minimise toxic emissions through the selection, use and repair of vehicles and the course of its power requirement actively promote recycling internally and amongst its customers, partners and suppliers.

The Wheels Project Ltd will seek to comply with all relevant environmental legislation and work towards active record keeping commensurate with a recognised environmental management system.

This Policy will be reviewed at least annually and will be made available for public scrutiny at all times from the office and externally. The Policy acts as part of The Wheels Project's governing documents for setting improvements within monitoring systems.

The Wheels Project Ltd will include environmental awareness within any personal development or training plans and enlist staff and associate support in improving the Company's performance.
